**SKU** LTHRE100

### What Is Threonine (Thr Amino Acid)?

Threonine, also known as Thr amino acid, is an essential amino acid that is used in the biosynthesis of proteins in the human body. Threonine is abundant in meats but isn't as common in fruits and vegetables.

The "L" in L-threonine refers only to the orientation of the molecule. L-threonine is effectively the same as D-threonine.

### Threonine (Thr Amino Acid) Benefits

Threonine (Thr amino acid) has a wide range of health benefits. It fortifies immune function, promotes healthy liver function, and supports the joints, connective tissue, and bones.<sup>†</sup> Threonine also supports the nervous system and contributes to healthy mood and sleep.<sup>†</sup>

 I recommend this product

your products are good, that's why i am a returning customer.  
But....if you want to have much more business offer USPS, a far cheaper service than UPS. when the cost of delivery is as much as the products i want i have gone with another vendor. i hope this is helpful

 I recommend this product

**Great to Swallow!**  
Bulk Supplements' L-Threonine powder has brought food swallowing relief to my hiatal hernia. Too often, I eat too fast. That creates lumps of food hitting my hiatal hernia, further causing partial-, or full-closure to my trachea. When I am caught in that situation, I gag, cough, drink water; anything to unclog the throat/hernia /trachea. Their L-Threonine clears the way beforehand. It's clear sailing for my food lumps!

L-Threonine - 250 Grams (8.8 oz)

**On time, and good so far!**  
Quick delivery from these guys again! The L-Threonine seems to be working already on helping my digestive system. It's just my second day of use, so more to come.....
