Twenty Five Chapters Indexed Below

When you're ready to buy the set, just choose the media format you prefer:

- Online "[video course](#)" through our companion website.
- [Traditional DVDs](#) with 4 disks in a boxed set.

Individual video chapters/topics are not available for single purchase — you get all 25!

**VIDEO TITLES**

Chapter 1: Personal Battles with Cancer

In this chapter, Mike shares a heartbreaking story and talks about how he got involved in his research.

Duration: 07:17

**VIDEO TITLES**

Chapter 2: Discovering Dr. Day's Protocol; Battling for Her Life

INDEX of TOPICS

Dr. Lorraine Day, MD curing her Stage 4 invasive breast cancer.

Cancer Doesn't Scare Me Anymore/ You Can't Improve on God.

Addressing Breast Tumor/Needle Biopsy and Lymph Node Removal.

Dr Day pursues the alternative.

Rehydrating the body using enemas with fluids and Juices.

Excising Tumor "partial removal" and moving towards remission.

Dr Day's comments/chronic and terminal diseases.

Cancer Statistics.

Mammograms/Radiation.

Breast Thermography.

American Cancer Society/ National Cancer Institute.

Diet and Life Style.

What was the cause of your cancer?

Cavitation, Root Canals, Sinus Infections and More.

Mercury Fillings and Neurological Issues/Diseases.

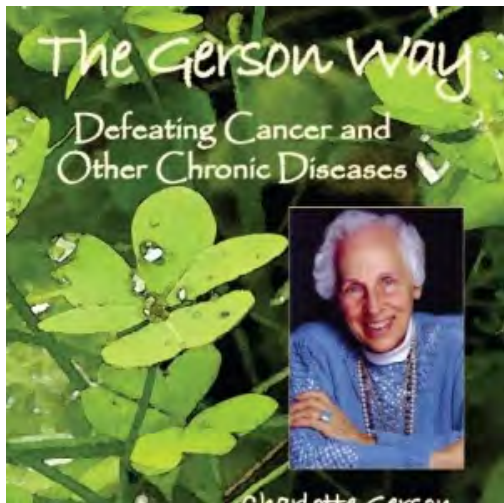

Breast Cancer, Possible Cavitation and Addressing Infections.

The first steps my wife Cherie took.

Tumor removal/needle biopsies.

Aggressive tumors and life threatening issues.

Duration: 27:44

VIDEO TITLES

Chapter 3: The Juicing Protocol

INDEX of TOPICS

Six reasons for juicing.

Dr. Gerson, M.D. – changing the internal terrain of the body.

Checking alkalinity/acidity, urine and saliva PH of the body.

My thoughts on live food enzymes.

Dr. Budwig – power of electrons, electromagnetic fields and light energy.

Body Electric, bio photons, light energy and body's cell voltage drop.

Sun light and your health.

Percentage of raw diet vs. cooked.

Juicer options – centrifugal vs. masticating.

My thoughts on a juicing protocol.
The Bible to Cancer.
What can I eat?
Thoughts on a recommended juicing protocol.
Thoughts on making juices throughout the day.
Starting juicing for the first time.
Cleaning of produce.
Diabetics and juicing.
My thoughts when juicing for the very sick.
Juicing is the first start of the Collect/Budwig protocol.
Juicing where stomach feeding tubes are involved.
Do you believe juicing is the answer to chronic and terminal diseases?
When juicing, diet and life style changes don't work.
Thoughts on the Gerson Protocol.

Duration: 25:51

Juicing
Protocol (Ch

VIDEO TITLES

Chapter 4: The Budwig Diet

INDEX of TOPICS

The Budwig Diet healing terminal cancer patients.
Dr. Budwig's credentials.
Commercially processed fats and oils destroying cell membranes and the lowering of voltage in our cells and

our body's.

When the chemical treating of unsaturated fats occurs.

"Bad Things Happen" Circulation and Amputations.

A look at cancer, cell voltage dropping, DNA damage, and mutation of cells multiplying out of control.

Brain function, bad fats and neurotransmitters.

Anti-depressants resulting in terrible tragedies.

Starting the repair process; the generation of new life and new cells.

The formation of tumors.

Growth inhibiting treatments, targeted radiation, life threatening issues.

Medical treatments; Response rate vs. Survival rate.

Immediate life threatening issues; Medical treatment or the alternative.

Dr. Budwig's use of the protocol for cancer, brain, neurological, chronic and terminal diseases; examples.

Patients with lung and respiratory issues.

Lung cancer patients and flax oil enemas.

Benefits of the flax oil enemas, Eldi Oils and Eldi Oil R.

Administration of flax oil for areas of pain.

Patients and the sun.

Electrons in our food.

Combining of flax oil/cottage cheese with additional options.

Warning "too much flax oil to fast".

Maintenance Dose of flax oil and cottage cheese.

Pharmaceutical drugs and supplements.

Dangers of oxygen therapy "Hyperbaric Chamber".

Lactose intolerant.

Feeding Tubes; adjusting mixture amounts.

Blood cancers and blood disorders.

Budwig Diet certain items to avoid.

Budwig Transition Diet for the very sick – "my thoughts".

Why does the Budwig protocol work in some cases and not others?

Duration: 61:03

VIDEO TITLES

Chapter 5: Collect, Including Individual Case Observations

INDEX of TOPICS

Discovering Collect; initial observations and comparing success rates.

Dr. Fred Eichhorn, MD – background and his personal battle with cancer; understanding his research.

My thoughts on DNA sequencing, improper cellular instructions and cells multiplying out of control in one area of the body or throughout.

Nutritional deficiency or change alters DNA instructions resulting in incorrect body chemistry.

Differentiating between dead and live cancer cells in review of scans.

Cancer and tumors becoming life threatening and totally out of control.

God created man.

Proprietary blend of minerals and proper electrical charges.

Addressing amino acids, protein and chromosome imbalance.

Simple domino effect, diagnosis and the panic sets in.

Taking a step back; the patient's choice.

Cancer out running the patient's protocol; the swimming pool effect.

Missing links between alternative protocols and protocols interfering with one another.

Joyce's Story; 1st ever to use the protocol.

Bill's Story; 2nd person to use the protocol.

Bonnie’s Story; relating additional information to Bill.
Mike, do you know what day this is?
Chemotherapy/radiation damaging cell memory and DNA sequencing.
Joe’s Story.
Vibe machine/Quantum pulse.
Garland’s Story.
Getting worse before getting better.
The sun’s role in Garland’s remission.
Information for backing off supplementation and letting the body detox.
I’ve had some chemo/radiation. Will this affect cell memory and proper DNA sequencing?
Personal observations of excessive chemo/radiation treatments.
Quality of life and blessings of remission.
The nutritional supplement, Collect.
Purchase options, dosage and taste.
Collect recipes and items to avoid; issues with peanut butter.
Diabetics, bad fats; wounds that won’t heal.

Duration: 60:53

VIDEO TITLES

Chapter 6: Collect-Budwig vs. Different Diseases

INDEX of TOPICS

Dan’s Scleroderma Story.
I about fell out of my chair.

Observation of the devastating effects of this disease.
Autoimmune disease; Dan's body under attack.
My fascination with this disease.
Losing all hope and quickly deteriorating.
Stopping the autoimmune attack.
Dan and Debbie write the amazing Scleroderma story;
application and implementation of the research "wow".
Conclusion of Dan's Scleroderma Story and my final
thoughts including the pain killer addiction.
Melissa's case of severe Type-2 diabetes out of control,
blood sugars over 500 and hospitalized.
Melissa's use of the Collect-Budwig protocol.
Melissa's use of enzymes to address swelling,
inflammation and edema in her legs and ankles.
Melissa's constant adjustment of medication with
fluctuating blood sugars.
Blood sugar levels out of control.
Melissa's use of additional supplementation.
Use of additional supplementation was very good
insurance.
In conclusion of Melissa's case some interesting
observations.
Richard's case of severe Type-2 diabetes.
Richard's results after monitoring the fluctuation of his
cholesterol and triglycerides from 1995–2009.
6 weeks after Collect-Budwig the amazing results.
Richard's refusal of an insulin pump.
What took Melissa 3-4 months took Richard 6 weeks.
What was the difference?
Some thoughts on the Type 1 Diabetic cases.

Duration: 40:53

VIDEO TITLES

Chapter 7: Thoughts on Taking Collect, Including Individual Patient Conditions

**INDEX of TOPICS**

Collect recipes that are not compatible with Collect-Budwig.

Rules for not consuming flax oil and cottage cheese around the same time as Collect.

Introduction of cod liver oil in combination of Collect-Budwig.

Addressing issues in swallowing capsules and tablets.

Cod liver oil or fish oil.

Additional details of how people are consuming Collect.

Diarrhea or constipation issues.

How long will a container of Collect last and how much do I take.

Shocking the swimming pool.

Seeking financial help for the cost of implementing nutritional supplementation.

Once in remission the importance of maintaining nutritional.

Supplementation; what could happen if I don't?

Nutritional supplementation of Collect for the very sick; thoughts and dosage.

Collect, children and dosage.

Mother's use of Collect while pregnant, breast-feeding and baby bottles.

Collect and stomach feeding tubes.

Bed bound and cannot eat or drink; what can a family do?

Duration: 15:43

VIDEO TITLES

Chapter 8: Important Information; Vitamins B, D and Testing

INDEX of TOPICS

Collect where additional supplementation maybe needed.

Micronutrient Blood Test Information.

Testing Outside the US.

Recommendation on B vitamins where needed.

What if I don't have access to the testing.

Bed bound and have not had any nutritional supplementation.

Serious health issues created by a lack of B vitamins.

Vitamin B6; vital for energy production and essential in transporting oxygen throughout the body.

Test case observations "The Doctor That Looked at Hands".

B6 deficiency; example edema in pregnant woman from being water logged; some losing up to 50 pounds of water weight in a few days.

Dr. Ellis recommendation for the correct B6 product and proper dosage.

Thoughts on Carpal Tunnel Syndrome and proper dosage.

Adequate Vitamin D level and proper dosage.

Dr. Mercola's comments on the safety of tanning beds.

Testing Vitamin D deficiency and understanding the test is extremely important.

Vitamin D deficiencies linked to...

Duration: 21:14

**VIDEO TITLES**

Chapter 9: Address the Iodine Deficiency; Addition of the Nutritional Product Collect

INDEX of TOPICS

Collect: is there an adequate amount of iodine.

Dr. David Brownstein, MD author of "Iodine Why You Need It".

The Iodine study involving over 4,000 cases revealing Iodine and cancer.

Dr. Kelley's three trigger mechanisms of cancer.

Breast cancer and the iodine relationship.

Chronic illness, health issues and symptoms associated with an iodine deficiency.

Fibrocystic breast disease, cyst formation and enzyme supplementation.

Severe headaches and migraines.

Why won't my PH balance?

Salt and cancer.

Balancing an iodine deficiency; 3 types of people.

In the 1st case of balancing an iodine deficiency.

Possible allergic reactions to taking iodine.

Lugol's iodine/iodide in Solution Dosage.

My use of the Iodoral 12.5 mg iodine/iodide tablet form.

Monitoring for activation of iodine.

Maintenance dose of iodine supplementation.
My iodine is not activating “person 2”.
Niacin and its unique characteristics.
Niacin, bleeding and notes of caution.
My basal cell temperature is normal/possible infection
“person 3”.
Iodine Spot Loading Test.
Recapping the 3 types of people with iodine deficiency.
Tumors and topical application of iodine.
Collect-Budwig protocol; step 4 addition of the
nutritional product.
Collect including Collect-Budwig notations through
observations.

Duration: 45:18

VIDEO TITLES

Chapter 10: Addressing Immediate Issues While Collect on Order/Backorder; Additional Options Where Needed

INDEX of TOPICS

Dealing with shipping delays when time is of the essence.
Jim Kelmun; Maple Syrup and Baking Soda protocol.
Options if Collect on order/backorder or cannot be shipped to a certain country.

Benefits of Vitamin K2; include moving calcium into proper areas of the body, removal of excess calcium in areas where it shouldn't be and dosage.

Coral calcium options and the use of cod liver oil.

Liquid vitamin and mineral nutritional supplement for adults; Vibe Fusion/dosage.

Liquid vitamin and mineral nutritional supplement for children; Vibe Children's/dosage

Can people take Collect-Budwig or both when taking chemotherapy or radiation?

Products and protocols that will interfere with the Collect-Budwig protocol.

My thoughts on the use of medical marijuana, cannabis, hemp and essential oils with the Collect-Budwig protocol.

Duration: 18:14

VIDEO TITLES

Chapter 11: Learning Experiences; Individual Case Examples; Initiating Collect-Budwig

INDEX of TOPICS

Sharing of individual case information; 1st case that comes to mind.

Stage 4 breast cancer.

Hitting the balance for tumor die off.

What did she do resulting in this response?

Diarrhea/Constipation.

Flax oil and cottage cheese; when taken at the wrong time.

Three types of people's responses when it comes to eating flax oil and cottage cheese.

Comments on Alzheimer's and dementia.

Comments on the use of anti-depressants.

Neurotransmitters; the brain and omega 3 fatty acids.

I absolutely love eating the flax oil and cottage cheese; it lights me up.

Sue's case; flax oil and cottage cheese recipe mixture.

Daily schedule in taking the Collect-Budwig protocol "options".

What can I eat?

Dr. Kelley's comment, "this is a very good source of protein and all the essential amino acids in the proper proportions".

Dr. Kelley's comments on Hypoglycemia (low blood sugar).

How does Collect fit in with the one exception?

What are your thoughts on eating the flax oil and cottage cheese more than once a day?

Thoughts on cottage cheese and enzymes.

Duration: 29:26

VIDEO TITLES

Chapter 12: Coffee Enemas Adults and Children; the Lymphatic System

INDEX of TOPICS

Your cancer is going down much faster than normal; what are you doing?

I looked at her and said; "I knew you were", with her replying "how did you know I was doing coffee enemas"?
Color photo of a person's lymphatic system.

Could you give us some more detail on what the lymphatic system does?

So, that's how you knew I was doing coffee enemas.

Dr. Richard Schulze comments on the use of Hydrotherapy.

Moving blood flow in and out of an area including blocked lymph vessels in the skin.

Do you know how this is done?

Three very important reasons for doing coffee enemas where possible.

My thoughts for people bad mouthing coffee enemas.

Why coffee enemas alleviate the pain of cancer in many cases.

Case example of Pancreatic Cancer; best first hand case of how powerful a coffee enema can be to relieve the pain.

How does a person go about doing a coffee enema; purchasing the coffee and supplies.

Demonstration of putting together a coffee enema bucket kit.

Steps involved in doing the coffee enema procedure using my wife, Cherie, for example.

Coffee enemas and people sensitive to caffeine.
The big day has arrived for doing the first coffee enema the Cherie way.
Coffee enemas where a patient cannot lay on one side or the other due to physical condition or bed bound patients.
Cherie's increase of coffee enemas due to toxic die-off.
Coffee enemas and hemorrhoid issues.
Juicing to keep electrolytes in balance when doing coffee enemas.
Coffee enemas and potassium depletion.
Trouble shooting coffee enema issues if encountered.
Information for detox symptoms encountered.
Children and coffee enemas; including additional information in reference page on the website.

Duration: 49:44

Coffee
Enema, Pain

VIDEO TITLES

Chapter 13: Juicing Enemas; Cachexia

INDEX of TOPICS

Rehydrating the body using Juicing enemas for the very sick and bed bound patients.
Patient case example in understanding the power of juicing enemas when suffering from "Cachexia".

I can't eat, drink or keep anything down.

Rectal application of juicing.

Could you explain the procedure for doing this type of enema?

Juicing enemas and Collect used in combination.

Juicing enemas and coral calcium used in combination.

Comment on colostomy bag patients; with additional clarification in the reference page.

Cachexia; additional thoughts.

Coffee Enema/lactic acid cycle.

Duration: 15:28

Cachexia,
Juicing

VIDEO TITLES

Chapter 14: Flax Oil Enemas

INDEX of TOPICS

Dr. Budwig's use of flax oil enemas.

Reactivation of the patient's vital functions.

Dramatic improvement in breathing.

Dr. Budwig's Eldi Oils.

How much oil do I use?

How long do I hold the oil?

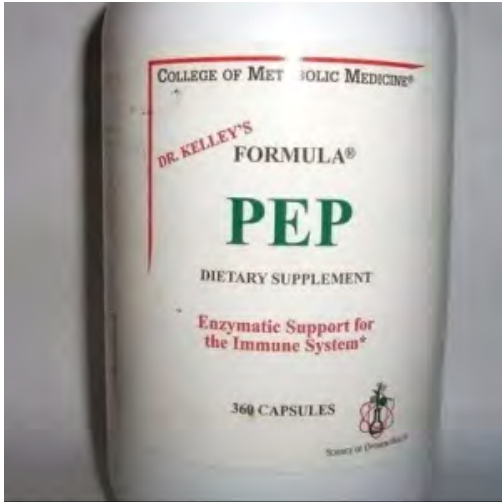

Coffee enemas and bad attitudes.

Lung cancer case; stage 4; 92-year-old.

Duration: 06:58

Flax Oil
Enemas (Ch

VIDEO TITLES

Chapter 15: Dr. Kelley's Answer to Cancer; Addressing Digestive and Blockage Issues; Enzyme Supplementation and Activation

INDEX of TOPICS

Dr. William Kelley; the best of the best.

Was Dr. Kelley's success rate in treating cancer patients really 90%?

Produced his first copy of "One Answer to Cancer" in a 38-page booklet December of 1967.

Revenge of the establishment.

What were they trying to stop and why?

Dr. Kelley's comment that 86% of all cancer conditions could be.

Three triggers in developing cancer.

Dr. Kelley's comments on the over consumption of animal protein and enzyme depletion.

The disease commonly referred to as cancer by the medical community is nothing more than the failure.

Dr. John Beard's discovery from over 100 years ago, of the body's primary mechanism for destroying cancer with no toxic side effects.

Dr. Kelley's program; the 5 steps of metabolic medicine cancer cure.

Dr. Kelley's comments on the order of digestion.

Stomach digestive issues.

HCL information and dosage.

Issues involving the small intestine, blockage, pancreas and activation of pancreatic enzymes.

Possible symptoms or signs enzymes not activating.

A very good case example.

The danger of acid blockers.

Correcting the digestive issue and proper activation of enzymes.

What is Okra Pepsin E3, what does it do, how does it work and what is the proper dosage?

Stripping the mucous lining from the small intestine.

The use of Psyllium Husk Powder and dosage.

Supplementation of additional enzymes.

Understanding digestive and systemic enzyme supplementation and application for cancer and non-cancer related health issues.

Five primary actions of systemic enzymes; this will include how they address inflammation, pain, swelling, cancer mass, tumors, fibroids, fibrin, fibrosis, scar tissue, cysts, blood clots and much more.

Enzymes and blood.

Enzymes, antibodies, and the immune system attacking itself.

Enzymes and viruses.

Enzymes, high blood pressure, and cholesterol.

Duration: 34:29

VIDEO TITLES

Chapter 16: Introduction of Enzymes to Patients on Blood Thinners; Enzymes and Recent Surgeries

INDEX of TOPICS

Blood thinners and the Collect-Budwig protocol.

Side effect of blood thinners.

Looks like an overkill of blood thinners.

Flax Oil and the impact on blood.

Cod liver oil and the impact on blood.

Addition of enzymes to the protocol and the blood.

Enzymes, cancer cells and tumors.

Working with the doctor to back down the blood thinners.

Bring the blood back to its natural order.

Correcting the blood naturally without the use of blood thinners.

The benefits of enzymes go way beyond what a blood thinner can do.

Informing the doctor of what you are doing.

Enzymes and recent surgeries.

Dr. Wong's comments on the non-cancer use of digestive and systemic Enzymes; including dosage.

Dr. Wong's comments on enzyme dosage to address high blood pressure and cholesterol.

Dr. Wong's comments on detoxification symptoms when starting enzymes.

Enzyme options and dosage for cancer patients.

Implementing the enzyme protocol for cancer.

Stopping the enzyme protocol for 5 days to release toxic die off.

Types of toxic die off.

Coffee enemas and toxic die off.

How did Cherie implemented the enzyme protocol?

When enzyme protocols become cost prohibitive; option 2.

Maintenance dose of enzymes once the cancer is in remission or under control.

Colostomy or other issues that come to mind.

Stopping enzyme supplementation prior to any surgeries.

Duration: 36:36

VIDEO TITLES

Chapter 17: Pain Management

INDEX of TOPICS

Enzymes to reduce pain and inflammation.

Case example of pulling off an autoimmune attack and severe inflammation reduction; including improved circulation.

The use of cayenne pepper.

Addressing the issue of Ascites.

Scarring of the liver.

Edema and inflammation; additional type of enzyme supplementation.

Ascites additional options.

Nausea relief.

Ascites, edema of the legs and ankles; releasing buildup of fluids.

DMSO continues to amaze me.
DMSO Gel form and its external application for pain, swelling, trauma, inflammation and a great deal more.
Sounds like DMSO is your best friend.
Working with the DMSO Gel, medications and general warnings.
Common sense examples when using DMSO.
Brain inflammation and DMSO.
The use of niacin (vitamin B3) for Ascites.
Coffee enemas for major pain relief.
Pain relief and the application of Castor oil packs in drawing out toxins.
Castor oil packs and liver cancer cases.
Flax oil for pain control.
Pain control using Bentonite Clay mud packs in drawing out toxins for internal and external use.
BRAT has been used by many to stop or control Diarrhea issues.
Charlotte Gerson's book "Healing the Gerson Way".
Bentonite clay application for external use including bath.
Case example of using the Pain Triad.

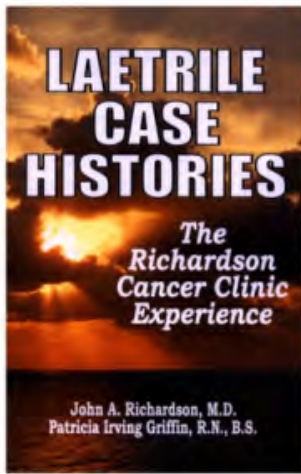

Duration: 31:58

Chapter 18: Dr. Richardson; Vitamins B17 “Laetrile” and B15

INDEX of TOPICS

The use of Vitamin B17 (commonly referred to as Laetrile) has been used by clinics and individuals worldwide.

Vitamin B17 (Laetrile) and pain relief.

Dr. Ernst T Krebs Jr., researcher and one of the developers of laetrile believes the lack of Vitamin B17 in our diet, along with...

The search for a medical doctor having used vitamin B17 laetrile in his medical practice with patient documentation.

Dr. John A. Richardson, M.D. and the cancer clinic experience.

Dr. Richardson and Dr. Krebs discussing the theoretical model and the practical application of B17 Laetrile.

Vitamin B17 and B12 are known as cyanide containing compounds.

How does the body break this down safely and assimilate?

The enzyme factor is equally important.

What did Dr. Richardson do with the information provided by Dr. Krebs.

Confirming the theory in the preclinical syndrome of stopping the cancer; Dr. Richardson said “I was curious what effect B17 and the combination of other vitamins would have on such cases”.

How did Dr. Richardson administer the Amygdalin B17. Reports of reduction in pain, increased appetite and much more.

Dr. Richardson increasing dosage level of B17 and

addressing diet.

The results told us immediately.

They came to us for a last resort of miracles.

No longer were we treating a lump or bump but treating the body in its totality.

When the word got out the inevitable happened.

Cancer statistics 5-year survival.

They're working on those cures; Interfering with the status quo.

How was Dr. Richardson B17 protocol and metabolic therapy administered?

Similar B17 protocol options; Dr. Contreras "Oasis of Hope".

What's your take on the safety of Vitamin B17?

Cherie's implementation of the Vitamin B17 protocol, vitamin B15 and the apricot seeds.

Apricot seeds and nausea.

Introduction into Cherie's protocol of the Vitamin B17, B15, apricot seeds and issues encountered.

Countries not allowing the import of Vitamin B17.

Case example 1; Glioblastoma brain cancer and the patients use of the B17 in IV form, B15 and apricot seeds.

Purchasing of products used in the case example.

How did the protocol work for him?

What changed during the 6-month period.

I think the moral of the story...

Case example 2; another very interesting brain cancer case what the MRIs were revealing.

Their constant reference to God and asking for the blessing of healing and remission.

Duration: 50:13

VIDEO TITLES

Chapter 19: Cherie Fighting for Her Life; Initiating a Black Salve Protocol; Controlling Severe Bleeding; Anemia

INDEX of TOPICS

Ten years later and in trouble again.

A blessing from God with his hands guiding me.

You are right about my reluctance in talking about this; people are getting in way over their head.

Pain, bleeding, infections and complications resulting in...

I warned Cherie about getting out of this line of work due to the toxic chemicals she was working with daily.

Tumor developed in opposite breast.

She didn't have the fire like before.

Frequency generator.

Checking for cavitation using a biological dentist; possible relationship to the breast tumor.

Cherie's use of Thermography.

Cherie fast becoming overwhelmed.

Checking with a surgeon to de-bulk the breast tumor.

Using a frequency generator with plasma tube to test impact on this tumor.

Surgeon's recommendation.

Cherie's ultrasound results.

Surgeon's examine complete; Cherie said, "you can forget that right now and I will do it my way".

The major mistake was not monitoring Cherie's tumor.

Cherie's use of Amazon Tonic III.

My use of the Amazon Tonic III.

Are you talking about the possible use of Black Salve?

Referral to a surgeon for a second opinion.

Cherie realized she was just about to hit a brick wall and something needed to be done in a more aggressive manner.

I have heard you refer to the Black Salve and Amazon Tonic as...

A good friend explains to Cherie, "as I see it you have 3 choices".

Tumor broke through the breast and bleeding.

Black slave and products needed.

Getting in way over your head very quickly.

How did Cherie control the bleeding?

What did Cherie use for wound healing and infection?

Cherie's use of Angstrom Silver or possible Colloidal Silver.

Cherie's use of the wound dressing gel.

Additional products Cherie used.

When the tumor broke through how did you handle this?

Extremely graphic picture presentation "for educational purposes only" in application of the black salve protocol to Cherie's tumor – not for viewing by children.

Cherie's accidental trauma to the tumor; resulting in an arterial bleed.

What did you do to stop this bleeding? This cauterized the wound in less than 30 seconds.

Why not to get involved in something like this.

Something else comes to mind here and that is a caretaker who is capable.

Some big issues encountered including daily changing of bandages, cleaning of the wound, additional small bleeding issues, reapplication and what to expect in removal of the bandage each day; my daily prayer.

What am I going to do with this?

How did you go about addressing Cherie's wound?

Addressing Cherie's constipation issue caused by the

painkillers.

In picture 12: addressing the raw area with the option of using the black salve or the golden salve.

If you hadn't documented Cherie's case with these photos as you went along, I don't think anyone would have ever believed.

Handling the pain with the pain killers not working as well and Cherie wants to give up.

Seeking the doctor's help.

The doctor's review of Cherie's pictures, examination of the tumor and wound.

Cherie's outpatient surgery and the doctor's comments.

Rebuilding Cherie's hemoglobin.

The next appointment with the doctor.

Seeing the results of the surgery for the first time.

Wound vac or the use of Golden Salve; the doctor's response.

Problems developed again; cancer in the wound and the doctor's comments.

Continuing to draw cancer from the wound; additional pictures.

Seems like a never-ending battle.

Wow, what a story and by the way look at...

The Cherie interview.

Having to adjust the Collect-Budwig protocol to a maintenance level during the black salve procedure.

How long did the black salve protocol take from start to finish?

Other issues come to mind dealing with such a large tumor, infections or bleeding issues; Fungating cancer wounds.

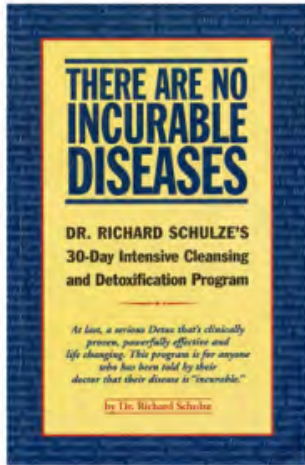

Basic blood work up; blood platelets too low, blood clotting issues; platelet transfusion and blood transfusions.

Chinese product used to stop or control bleeding.

Cancer patients addressing anemia; additional (Dr. Kelley's thoughts).

Do you have any final thoughts in this area?

Duration: 81:25

VIDEO TITLES

Chapter 20: Addressing Vaginal and Rectal Issues

INDEX of TOPICS

Vaginal and rectal application.

What is a vaginal douche?

What type of vaginal or rectal cancers have you seen the tonic douches used for?

If you are thinking about using the tonic for an issue and not sure.

Do you know the mixture ratio?

Have you heard how they are doing the vaginal application?

Have you heard how they are doing the rectal application?

Garlic suppository vaginal or rectal with case example.

Garlic suppository; abnormal cell production cases.

The 3 stages of administering the garlic suppository.

Can the garlic suppository be used rectally?

Resetting of the good flora and bacteria.

The use of Beta Glucan to double the immune system's response.

Duration: 20:40

VIDEO TITLES

Chapter 21: Alternative Tests

INDEX of TOPICS

Navarro cancer test (HCG).

The test is based on the theory.

A positive indication of cancer or your pregnant.

In 32 proven cases of cancer the HCG test gave.

Setting a base line.

If you are not showing some positive improvement.

Ordering Navarro test and supplies.

You mentioned a second test; AMAS.

Many say it's over 95% accurate.

How does this test work?

For additional information on AMAS.

Understanding the test results beyond the base line.

Why some doctors dislike this test.

Mike Adam's comments from Naturalnews.com about the AMAS test.

Testing only goes so far.

Duration: 13:18

Chapter 22: Questions and Answers Relating to Specific Cancers

INDEX of TOPICS

Let's play question and answer involving the different cancers.

How about pancreatic cancer to start with?

There are 4 signs that come to mind immediately when I hear Chemotherapy and pancreatic cancer.

The silver bullet in helping to alleviate the pain.

When diagnosed with pancreatic, colon, bile duct, gallbladder or stomach cancer; issues encountered with eating or digestion.

Common bile duct, tumors and stents.

We just covered 5 different types of cancer cases.

What are your thoughts on liver cancer?

Liver regeneration with case example.

Detoxing the liver.

Cherie's use of the "Total Detoxification System"

What are your thoughts on lung cancer?

The common response was "well I gotta die from something"

Lung cancer cases which have nothing to do with smoking.

The body's way of releasing dead tumor die off.

Lung infections.

Driving oxygen deep into the lung tissue.

Frequency generators and lung cancer.

What are your thoughts when you here the diagnosis of bone cancer?

Trigger to bone cancer.

Addressing the pain.

What are your thoughts on Hypercalcemia, such as in

Myeloma?

Osteoblast and Osteoclasts.

What are your thoughts on stomach cancer?

Tumors and stomach cancer.

Addressing bleeding issues.

What are your thoughts on patients diagnosed with bladder cancer?

My friend's case for example.

What are your thoughts on patients diagnosed with breast cancer?

This imbalance trigger allowed for the creation of...

Some exceptions.

The relationship; Thyroid, Ovaries and hormones.

What do you think when you hear cysts formation.

In these cases, we need to go after the cause.

The cancer was the result of...

What are your thoughts on addressing tumors and aggressive breast tumors?

Dr. Philip E. Binzel, Jr., M.D. comments on tumor removal.

Tumor pain.

What are your thoughts on tongue, mouth, head and neck cancers and their relationship to the HPV virus?

Options in addressing the issue.

What are your thoughts on the cause of the different brain cancers and tumors, including Glioblastoma?

Aspartame's relationship to cancer and a multitude of other health issues.

What else comes to mind in issues with brain cancer and tumors with adults and children?

Dr. Kelley says, "There are about 3 billion primitive germ cells in our body and anyone of these are a potential"

What are your thoughts on vaccines?

NVIC.org a very good resource.

Comments on the Dr. Mercola and Dr. Andrew Wakefield interview.

Comments on the interview of Dr. Andrew Wakefield with journalist Sharyl Attkisson.

Do you have any other quick thoughts about brain

cancer?

In the Glioblastoma cases I saw some research.

The Venus flytrap protocol doesn't...

What is the Venus Fly Trap product and how does it work?

What are your thoughts in the blood cancer cases? Case example.

I'm thinking she really managed to poison herself.

Can you imagine the chemical over load throughout her entire body?

Case example; diagnosis of Chronic Lymphatic Leukemia "CLL".

Case example; diagnosis of Non-Hodgkin's Lymphoma piggybacked with a diagnosis of Sjogren's syndrome.

Don't even think about giving a person...

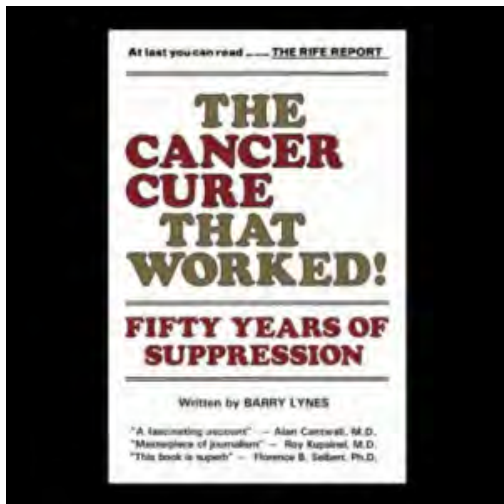

What are your thoughts when someone sends you an email telling you they've been diagnosed with a rare cancer?

So you're looking at it from abnormal cell formation, improper sequencing and many times, people will be surprised at how...

Chapter 23: Frequency Generators

INDEX of TOPICS

What is a frequency generator, what do they do, and what is the story behind them?

Dr. Rife and his first microscope with its ability to see.

Dr. Rife's construction of other instruments enabled him to electronically destroy specific.

Barry Lynes, an investigative reporter, wrote...

Identifying and classifying disease causing microorganisms.

The co-worker said "Dr. Rife finally got the cultures on the slide, released the whole dog gone flood of power, and the dog gone little things".

"It was one of the most magnificent sight of human control and endurance that I had".

Dr. Rife met with intrigue, skepticism and...

Doctors working with his frequency machines, research, and the results of the 1934 clinical trial.

I imagine when this information surfaced this didn't go over well. The attempt to obliterate the research information, machines, and destroy Dr. Rife and his work.

The research goes underground.

Reflection of a very sad period during this time of an amazing.

A very good website for information on Dr. Rife, his work and actual interviews of Dr. Rife, including the people and doctors that knew him.

A new generation of frequency generators.

Technical information on the Rife machine to separate the good from the bad.

I thought the information provided was excellent, so people don't end up with a frequency generator that...

ICRF purchased several the frequency generators with the specifications mentioned to evaluate.

They are not sold as medical devices and no medical claims.

The problem for these agencies is that there is a great deal of information and claims on the Internet of how effective...

If only a drug can cure a disease, then where are all the cures?

Learning through observations and feedback from people who have used the frequency generators for their individual health issues; case results.

Independent Cancer Research Foundation "ICRF" purchased two frequency generators for testing...

The thought of using frequencies to destroy microbial bacteria or viruses in the similar manner a soprano singer can shatter a crystal glass.

When was the first time anyone used the ICRF frequency generators?

ICRF Case 1 observation; head and neck cancer metastasized to the lungs.

What did you think when she said that? I thought "Wow" this is going to be; you sound like you were a skeptic then...

What went through your mind when you heard that? Frankly it blew me away when I heard this pain had reduced overall by...

Possible detoxing symptoms.

I think the length of time away has allowed...

One cannot hit and miss and if you think...

Then that was the last observation of her case after she purchased a frequency generator. Do you know what happened with her?

Dr. Rife was asked about that in an article that was written.

Any other cases using a frequency generator that you could mention.

Email contact case of a malignant high-grade sarcoma tumor I found very interesting.

Husband advised doctors acknowledging chemotherapy and radiation treatments failing; turning to the alternative for his wife and had purchased a frequency generator with plasma tube.

When was the next time you heard from him?

Struggling in trying to get her to eat as she was nauseated and had lost 50 pounds. The nurse suggested I give her – and it was like someone had flipped a switch on in her body and she began to eat.

Using common sense.

What other case examples have you seen frequency generators used in non-cancer issues?

Case example; shingles virus.

Shingles in the scalp, neck and by her left ear moving towards left eye.

Frequency generator used; once a day for 4 days and that...

What works for one-person may not...

I have observed many cases where the frequency generator was used for different health issues; bacterial infections, viruses and parasites.

Have you used the frequency generator?

Did Cherie use the frequency generator?

Any other cases come to mind using frequency generators?

Lyme disease; observation of 2 severe cases.

I saw a dramatic...

Chapter 24: Lyme Disease; John and Jeremy's Battle including use of Frequency Generator

INDEX of TOPICS

Jeremy: I will go over a brief history of what I went through in struggling with Lyme disease.

Doctor after doctor with incorrect diagnosis.

A physically devastating struggle.

Seeking the help of a Lyme-literate doctor.

Jeremy, what's the story of your diagnosis?

Time to look on my own, where to take this journey, and I turned to a Lyme-literate doctor.

I went the antibiotic route and realized God intervened.

How we used the protocol to recover our health.

Frequency generator; the machine can send the frequencies giving us the upper hand.

In the Lyme's world, it's a huge deal people using these machines.

The first time I ended up spending all weekend...

Jeremy: what was your experience in using the frequency generator?

The reason we felt so bad was from the Herxheimer Reaction (the body detoxing). How was this addressed?

My worst symptom for years was head pain, as if someone was driving an ice pick.

The only thing that ever relieved my head pain was...

Jeremy, in your case what were some of the things you used to relieve the Herx reaction?

One of the main ways Lyme evades our immune system

is by creatin.

The biofilm busting enzyme.

Horizontal Gene Transfer.

Lyme can exchange information.

Rheumatoid Arthritis-type systems.

In your case, Jeremy, what did you experience with the die off created by these enzymes?

Let's talk about how the co-infections and the weird vector borne diseases found in insects end up in us.

Frequency generators and co-infections.

Jeremy, what issues did you encounter with co-infections?

Depression, anxiety and neurological issues, but as we progressed...

Diet and Lyme disease.

The dairy aspect.

Gluten and Lyme disease.

The diet struggle.

Collect-Budwig launched me into recovery.

Diagnosed with early onset Alzheimer's; brain spec scan.

Within 10 days of implementing the Collect-Budwig protocol.

Jeremy, what did you notice when you started using the protocol?

John, I can't stress diet enough and would like to mention...

We have talked privately about our faith and what it means.

I had the will to live...
