it's not very severe but it is constant and annoying (and I believe hormone related)

October 4, 2017

Size: 7 Fl. Oz (Pack of 1) **Verified Purchase**

I actually bought this stuff to use as a face wash to help me with my acne. I've tried every face wash imaginable and also tried prescription face stuff and nothing would get rid of my acne :/ I only get acne on my chin, it's not very severe but it is constant and annoying (and I believe hormone related). I read online that using dandruff shampoo with "Ketoconazole" as the active ingredient as a face wash was really effective at getting rid of acne. I was skeptical, as I said I've tried everything from prescription creams, benzoyl peroxide, special face washes, natural products and oils and nothing seemed to work. This stuff surprisingly has cleared my face. I wash my face with this stuff in the morning and at night and let it sit for 1-2 minutes before washing off. Also, I moisturize with Vaseline on my face overnight (another acne relief miracle worker I read online--no it doesn't clog your pores). If you have acne I would suggest looking up this product and Vaseline uses as well, worked for me. Hopefully my routine continues to work. If it doesn't I will update!

Cleared my dandruff in 2-3 uses

March 24, 2018

Size: 7 Fl. Oz (Pack of 1) **Verified Purchase**

So I have really curly hair and about a year ago I switched from head and shoulders to devacurl products but I noticed I started developing dandruff. I tried the home remedies but couldn't stick with them because I didn't feel like making the recipes. So I just said forget it and went on with my drandruff life for about a year. Until someone recently pointed out my dandruff and i was SUPER embarrassed. 10 minutes after, I went on amazon determined to finally get rid of this annoyance and I found this shampoo with really high reviews so I decided why not. After about 2-3 uses, my dandruff was literally gone!! Definitely wish I would've bought this sooner. So I use this shampoo and I still use my devacurl one condition and now I'm dandruff free. So if you're on the fence, trust me just get it and try it.

I would recommend to anyone with severe scalp dryness and dandruff!

February 20, 2017

Size: 7 Fl. Oz (Pack of 1) **Verified Purchase**

This stuff is absolutely amazing. I was one step away from going to the dermatologist. I had severe dandruff that was so bad I could shake my head and it would come off. With just a few uses per week, I got rid of all of my flakes. My scalp also stopped burning from dryness. My hair has never been healthier. (I bought this product using my own money. I was not paid or given anything free for this review. This is important to me when reading reviews so I thought I would mention it.)

Maybe it works for som people.

August 22, 2018

Size: 7 Fl. Oz (Pack of 1) **Verified Purchase**

I've had dandruff flare ups off and on my whole life. I tried this product with hope. It didn't do anything as far as I could tell.

So I researched the cause of dandruff recently and discovered there isn't one cause, but many. Some are from dry skin; others from anxiety; and still others from a kind of bacteria that lives just beneath the top layer of skin.

So I experimented with a variety of DIY at home solutions; going around with a greasy cream substance on my head (and transferred to my pillow) at night.

What worked best for me was using over the counter triple antibiotic cream. I now believe my dandruff to be the kind caused by that just-under-the-skin bacteria; whatever it is, and will report my findings to my doctor so maybe, once and for all, some specific antibacterial product will kill off these little nuisances that cause my dandruff flareups.

Amazing!!! Works wonders after first use!

August 23, 2018

Size: 7 Fl. Oz (Pack of 1) **Verified Purchase**

If I could give this product more than 5 stars then I would!! My husband has suffered from extreme dandruff/Psoriasis for years to the point that he would pick constantly at his scalp. I would be able to visually see large sores and peeling skin chunks constantly no matter what shampoo/treatment he would use. This was of course a very frustrating thing for him to deal with as his favorite color to wear is black.... I found this product by chance and told my husband about it, who was willing to give it a chance (he'd more than given up on finding a solution to his problem at this point). After two shampoos he said that he absolutely noticed a difference and did not feel that he had to scratch his scalp. His sores healed within a week and now he has a clean, itch/flake free scalp! This stuff worked absolute wonders for us and I would recommend to anyone with slight dandruff issues to extreme Psoriasis conditions!

I figured nothing could help and I never felt like making time to see a specialist doctor

March 13, 2018

Size: 7 Fl. Oz (Pack of 1) **Verified Purchase**

I have had chronic dandruff since I was a child. I've tried lots and lots of over the counter products and they'd all seem to work for a few days, but it would never completely clear up and the product would eventually quit working altogether. Sometime over the years, I just gave up. I figured nothing could help and I never felt like making time to see a specialist doctor. After an extremely uncomfortable flare-up prompted me to see if there were any new products, I found Nizoral.

After the first use, I was impressed. The dandruff was drastically reduced and my head had completely stopped itching. I've been using this product as directed for about three weeks now and I do NOT have

dandruff or any itching at all. The shampoo smells nice too.

My one criticism is that the shampoo does seem to be a but drying, so I will just start using a conditioner as needed. I am so excited to be free of flakes!

My hair's growing back!

December 31, 2016

Size: 7 Fl. Oz (Pack of 1) **Verified Purchase**

I'm SO excited. I have chronically suffered from scalp dermatitis and have PCOS, so the combination has cause my hair to thin dramatically over the past few years. I bought this shampoo as a last resort after trying Head and Shoulders, charcoal shampoos, biotin shampoos and scalp clarifying solutions. My scalp was noticeably clearer after 2 uses so I kept using it about 2-3 times a week. After almost a month I realized I have new hair growth all over my scalp! In the photo the little black spots are tiny hairs coming in.
