Makes a real difference

I've been taking Pantovigar for 4 months and I can really see a difference in my hair and nails! It doesn't make my hair grow faster or more, it keeps it from falling out. When I get out of the shower most times there is no hair left behind in the shower.

It seems to have some effect.

A few months after taking the medicine, hair loss was partially alleviated. After that, I consumed 2 capsules a day for a week, but I am experiencing a lot of hair loss again. Therefore, we recommend that you take 3 capsules daily.

Great Things Here

The title says it all if you are experiencing any hair loss at all for certain womanly treatments, like taking birth control pills to regulate your period. This may help you get your hair back

Pantogar Pantovigar Capsules for Hair Loss

Started using this after a doctor overdosed my husband and myself with Bio-T pellets and pushed our DHT levels off the chart. I had to chop my hair off to my mid neck. Now it's down my back and doubled it's thickness. I took it morning and night at first. Now I take one cap before bed.
