Product features

- 100mL bottle of iodine solution
- Reagent-grade material for lab and research use
- Used for starch testing
- Perfect for use in any biology lab or classroom
- Includes directions for safe storage printed directly on the package

Product description

Innovating Science's reagent-grade iodine solution comes in a sturdy plastic 100mL bottle. This solution is 1.9% iodine. Often used for starch testing, this makes the chemical a perfect fit in any educational or research lab dealing with biology or chemistry. Each bottle has safe handling and storage procedures printed directly on the bottle. This high quality chemical product is manufactured in the United States. Ingredients: Water 95.10%, Potassium Iodide 3.05%, Iodine 1.85%
