Product Description

Lugol's is more than an iodine supplement to support thyroid function and overall good health.

Named after French physician Jean Lugol who first made the solution in 1829, Lugol's iodine has become a staple for natural healthcare and first aid. Lugol's simple formula of elemental iodine, potassium iodide, and water has been featured in the World Health Organization's Model List of Essential Medicines, which recognizes the most effective and safe medicines that meet the most important needs in a healthcare system.

The Many Uses Of Lugol's Iodine

Lugol's Iodine Veggie Wash

It's paramount to eat clean produce. Rinsing with water alone is not enough when it comes to washing the fruits and vegetables you buy at the market. Fruits and vegetables are potential sources of illness. Take extra care in washing organic food

Lugol's Iodine for Upset Stomachs

Foods prepared in unsanitary conditions can make you sick. Always keep in mind that Lugol's iodine offers digestive support and defense against foodborne pathogens. At the first sign of digestive trouble, mix 12 drops of Lugol's iodine in 1/4 cup of

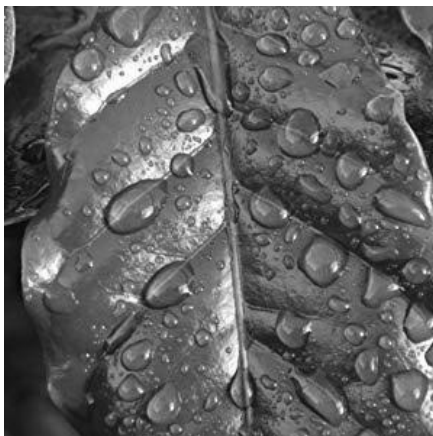

Common Uses of Lugol's Iodine

- Treatment of iodine deficiency. Low iodine contributes to goiter, cretinism, and underactive thyroid (hypothyroidism).
- Treatment of overactive thyroid (hyperthyroidism). Iodine shrinks the thyroid

Dr. Clark Store Difference

Dr. Clark Store remains the original manufacturer of Dr. Hulda Clark's products. At Dr. Clark Store, we still follow Dr. Clark's strict manufacturing and testing protocols to make the purest supplements possible.

No Flow Agents

Magnesium Stearate, a common flow agent, has increasingly been criticized for hindering absorption. Some research has been done on this and of course refuted by industry. We never use Magnesium Stearate in Dr. Clark's supplements. Purity and Potency Go Hand in Hand.

For three reasons superior potency cannot be achieved without attention to supreme purity. First, if you use flow agents the body has to work extra hard to break it down before enjoying the benefits of the nutrients delivered in the supplement. Second, micro toxins that are often found in highly processed excipients are poison to the body and makes the immune system, again, work extra hard. Both the above are devastating for a person with depleted immune system. Finally nutrients should have no restriction to breaking down in the stomach for maximum absorption in the colon.

Wild Crafted

We always prefer to buy organic or wild crafted herbs. An herb is Wild Crafted if harvested from "untouched" nature without use of pesticides. In the rare case we don't secure Organic or Wild Crafted herbs we do what we always do; reject the materials if does not pass our quality control process. Our suppliers know by now not to send us anything but the best or we will send it back.

- Question:** How much product do i use for cleaning vegetables
- Answer:** I never tried using it for cleaning the vegetables. Instead I use baking soda for cleaning greens. This one I use as a topical iodine supplement, and for identification of wild mushrooms. Sorry I cannot answer it completely.

This is a Must for my home medical kit!

November 30, 2015

Verified Purchase

I have been purchasing Dr. Clark's Lugol Iodine for some time and am so grateful it is now available at Amazon! Wonderful product and inexpensive for its many uses. Can quickly boost your immune system. Soak a Q-Tip and coat your inner nose if you have sinus or upper respiratory issues...frequently. Do the patch test recommended by my doctor....coat a 4x4 inch area on thigh or stomach and check it after 24 hours...if it has disappeared, apply again, check again in 24 hours and keep this up until you can see the iodine on the skin after a 24 hour period. This could take Many Days or weeks depending upon your deficiency. If you feel like you have picked up a bug, coat stomach or thigh with the 4x4 patch to boost immune system a couple of times a day. Follow directions to get rid of food poisoning which a few drops in water can help with! Certainly, DON'T use it if you are allergic to iodine! It sanitizes water too. Great for scrapes and cuts too!

Great product

June 25, 2016

Verified Purchase

This is easy to take and seems very effective. Only negative comment is that I stupidly forgot to dilute it with water or juice one time and it tore up my mouth for a couple of days. Just be smart and always dilute it and you will be fine! We really don't get enough iodine in our diets here in the middle of the US and this is an inexpensive way to keep our health up and protect our thyroids.

Do Your Research and You'll Want to Invest In This

June 18, 2018

I've been on a mission to cleanse my body of toxins. I've been using black seed oil and fermented skate fish liver oil and saw tremendous progress. While doing research, I found that most people with a western diet are iodine deficient, and that's what's a main cause for being unhealthy.

I ordered my iodine and decided to use two drops per bottle of water I drink. The same night I started drinking it I felt light headed, chills and felt slight pain in my stomach. I only drank half of that bottle. The morning after I found myself feeling refreshed and clean. I drank the rest of the bottle of water and noticed that the fog that always crowded my mind was gone. I had such clarity.

Over the next few days I noticed that my sleep had become deeper and more satisfying. I work overnights, and sleep during the day is almost impossible for me. I think this is the most incredible benefit for me.

I am curious to see if it will help with my autoimmune disease, though. Most, if not all, autoimmune diseases are linked to thyroid problems. I've read that iodine helps resolve these problems. I think iodine has begun to

This stuff is nothing short of amazing. I've lost weight since starting this product. I can feel an almost instant release of irritability when I take this product. I take it about 2-3 hours before bedtime and I sleep like a baby. I

take half a dropper full and I wake refreshed and after a cup of coffee I'm energized and ready to face the day.
