Ways to save on your Albendazole prescription

Fill a 90-Day Supply to Save

[See 90-Day Prices](#) [↗](#)

You may find that filling a 90-day supply will reduce your total cost for this prescription. As an added bonus, you'll make fewer trips to the pharmacy, saving you time and money.

If you have insurance or Medicare, you may find that you receive lower prices if you fill your prescriptions through your plan's mail order pharmacy. Many insurance plans (and most Medicare plans) are now offering similar rates at a select group of "preferred" retail pharmacies. Some plans may require that you fill through a mail order pharmacy for fills of more than a 30-day supply.

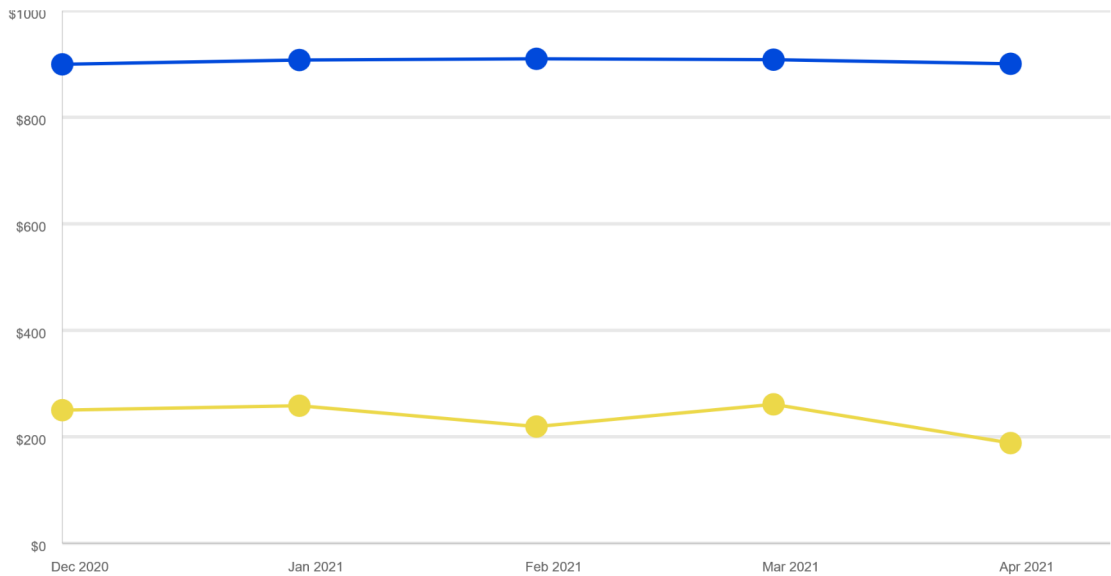

To switch to 90-day fills, note that you'll need a new prescription from your doctor; a 30-day quantity prescription will not allow 90-day fills.

The prices we show are our best estimate; while we believe our data to be generally accurate, we cannot guarantee that the price we display will exactly match the price you receive at the pharmacy. For an exact price, please contact the pharmacy. (Please keep in mind that the pharmacy will require the information shown on the GoodRx coupon/discount to confirm the discount price.)
