We recommend working with a local Naturopathic/Holistic doctor. Traditional doctors typically know nothing about colloidal silver & were never trained on colloidal silver in Med School. Big Pharma has deleted & censored their entire 100+ year history of colloidal silver being a MAJOR medicine for most disease. They have even succeeded in getting [Colloidal Silver BANNED in Europe](#) to protect their profits !

Brands of Colloidal Silver to Buy

There are 2 versions of Colloidal Silver: Mostly Ionic Silver or mostly Particle Silver.

Ionic Silver is recommended by most researchers, & doctors. For detailed reasons why, see the chapter **Truths & Lies about Colloidal Silver**. Bitter trade wars are being waged over this subject.

Ionic Silver Products Recommended
Argentine 23 for Doctors - 95% Ionic
Advanced Ionic Silver
Utopia Ionic Silver
Good State Ionic Silver
Invision Silver Optisilver 100 - Theory
Sovereign Silver (Hydrosol Ionic) (N1)
Silver Hydrosol Ionic
Naturally Sourced Silver H2O

Where to Buy:

All are available at Amazon.Com & health food stores. See the chapter "Truths & Lies" about colloidal silver to see why the Ionic version of Colloidal Silver is recommended.

Colloidal Silver Miracle Explained

- **If anyone doubts that colloidal silver is a MIRACLE, then just look at our mind blowing [testimonials](#) - Grizz**

The Rediscovery of a Super Antibiotic

Colloidal silver appears to be a powerful, natural antibiotic and preventative against infections. Acting as a catalyst, it reportedly disables the enzyme that one-celled bacteria, viruses and fungi need for their oxygen metabolism. They suffocate without corresponding harm occurring to human enzymes or parts of the human body chemistry. The result is the destruction of disease-causing organisms in the body and in the food.

Early Research

Colloidal silver was in common use until 1938. Many remember their grandparents putting silver dollars in milk to prolong its freshness at room temperature. Prior to 1938, colloidal silver was used by physicians as a

mainstream antibiotic treatment and was considered quite “high-tech.” Production methods, however, were costly. The pharmaceutical industry moved in, causing colloidal research to be set aside in favor of fast working and financially lucrative drugs.

The March 1978 issue of *Science Digest*, in an article, “Our Mightiest Germ Fighter,” reported: “ Silver is emerging as a wonder of modern medicine. An antibiotic kills perhaps a half-dozen different disease organisms, but silver kills some 650. Resistant strains fail to develop. Moreover, silver is virtually non-toxic.”....

The presence of colloidal silver near a virus, fungus, bacterium.... disables its oxygen metabolism enzyme, its chemical lung.. Within a few minutes, the pathogen suffocates and dies, and is cleared out of the body by the immune, lymphatic and elimination systems. Unlike pharmaceutical antibiotics, which destroy beneficial enzymes, colloidal silver leaves these tissue-cell enzymes intact, as they are radically different from the enzymes of primitive single-celled life. *Thus colloidal silver is absolutely safe for humans, reptiles, plants and all multi-celled living matter.*

Nebulizer Method

Used for treating Asthma, COPD, Pneumonia, fungal, nasal problems, chest colds & other lung diseases.

Inhale colloidal silver mist for 15 min, 3 x a day.

How Long to continue Treatments when cured:

“I'd continue treatments for 30 days following improvements.”

This worked wonders for me when I had pneumonia, it was cured within 1 week - Grizz

Lobelia Mullein & Nascent Iodine can be added to Colloidal Silver to act as a very effective expectorant.

(3 drops each of lobelia, Mullein added to Ionic Colloidal Silver in order to help bring up mucous, heal the lungs and eliminate any pathogens present.

“Nebulize with colloidal silver, [lobelia extract](#), and [mullein extract](#), 3 times a day for 15 minutes.

- Colloidal silver expectorates congestion, kills bacteria, fungus, prevents infection, and rebuilds damaged tissue.
- Lobelia relaxes and opens the airways to make breathing easier
- Mullein expectorates congestion.
- Mullein tea will also expectorate congestion”

Nebulizing Colloidal Silver. When used as directed, there have never been any cases of problems reported from Ionic Colloidal Silver. The only cases reported were involving gross overdose exceeding 10 ounces a day.

“Is one of the fastest ways of effectively eliminating serious upper respiratory infections, including bronchitis and pneumonia.”

Nebulizing: <http://thesilveredge.com/nebulize-colloidal-silver.shtml>

Respiratory Infections --- [Link](#)

For my own chronic lung problems (Asthma & severe chest colds) I will continue using CS with Lobelia & Mullein in a nebulizer as required. I only need CS for a week or 2 at any time during the winter, with far better than my super expensive (\$225 each) asthma inhalers ! Grizz

Humidifier Method

An ultrasonic Humidifier can be filled with colloidal silver in the bedroom to cure lung problems while sleeping. I use the [Tautronics Cool Mist humidifier](#) that holds 1 gallon of colloidal silver. It uses ½ gallon per night with the mist setting. This works the same as a nebulizer, but is less intense and does not cause coughing as the nebulizer does. Some generators such as the Silver Edge can automatically make 2+ gallon batches. See these links for more:

Other Applications

For infections, use as a nasal spray , ear drops, eye drops, apply to bandages for cuts, as required https://www.quantumbalancing.com/news/cs_universal.htm

When mixed with DMSO, MMS, or MSM, miraculous cures have been reported. See the end of our [Testimonials report](#) for details.

Oral usage:

1 tblsp 2 x daily (1 ounce daily) until infection is cleared See [Wolfcreek Ranch](#) for more details. This amount avoids killing good gut flora [in the large intestine](#). See Testimonial by Glaxony who insists there is no such thing as killing good gut flora: <http://www.curezone.org/forums/fm.asp?i=2288307>

Our Curezone Expert, Esstee takes 2 ounces 3 x a day, holding it under the tongue 5 or more min <http://www.curezone.org/forums/fm.asp?i=2292141>

My own experience: 1 tablespoon 2 x a day, (1 oz daily) holding under the tongue for 2 minutes then swish, gargle & swallow. For severe or serious problems I'll do 4 tbsp daily (2 ozs).

Methods to take Colloidal Silver

Each method explained in depth, why they work.

<http://www.colloidal-silver-hydrosol.com/how-to-colloidal-silver.html>

Does Colloidal Silver Kill our good Gut Flora?

This question is extremely controversial with many conflicting reports.

> 1 oz daily may kill our good gut flora. Our Expert Steve Barwick weighs in with his report: <http://www.curezone.org/forums/fm.asp?i=2312871#i>

If you exceed 1 oz daily then also take probiotics or yogurt to restore our gut flora as a precaution. Steve explains more here:

<http://www.thesilveredge.com/digest.shtml>

Topical Usage

Apply topically for skin rashes, bites, disease, sunburn, dandruff, foot/nail fungus. Can be made into a salve by mixing 60% Aloe Vera Salve or coconut oil with Colloidal Silver.

To kill warts & lesions, add 10% DMSO to 90% Colloidal Silver. [DMSO](#) gets the silver into viral infected cells, returns them into normal cells. Apply only to the wart or lesion.

Apply to bandages to prevent infections.

Rectal Usage

This is by far the most efficient method of getting large amounts of Colloidal Silver into the bloodstream in the shortest possible time. And it is surprisingly simple to do. Photos & details:

To Prevent Disease on Busses, Planes & Ships

While travelling on busses, planes & ships, the odds of catching a disease are **extreme**. Pneumonia, Norovirus, chest colds, flu & worse are easily spread by coughing passengers. Taking Colloidal Silver to boost our immune system & prevent disease is recommended by several doctors including Dr. Kent Holtorf & Dr. Becker.

- *Put a few ounces in a humidifier/vaporizer at night*
- *Taking two tablespoons of colloidal silver each day*
- *Hold CS under the tongue for a few minutes to absorb into the bloodstream*
- *Put colloidal silver in a nebulizer & apply several times a day*
- *Mix colloidal silver with vodka, brandy or wine makes it more effective*
- *Use colloidal silver nasal spray for nasal infections*
- *Use a spray bottle of colloidal silver and spray the inside of the throat*
- *Put a teaspoon into a glass of water to kill bacteria/virus in foreign countries.*
- *Take 1 oz every 10 minutes in cases of food poisoning*

“Having said that, I've been taking 2 oz Colloidal silver solution 3 times per day, every day for over 4 years. And while I haven't observed any signs of skin discoloration to date, I am prepared to accept that this remains a reality for me down the road. To which I'd add, I would take no issue in sharing the relevant facts and data leading to the condition after the fact. Though to date, things are looking quite good,” esstee.

Severe & Extremely Serious Disease

Some diseases are difficult and may require multiple treatment options. In severe cases, large doses of colloidal silver may be required, or an IV injection may be needed.

- Candida - Advanced candida can spread all around the body, infecting every organ and can result in sepsis and even death.
- [See the 5 stages of Candida](http://www.thesilveredge.com/fungalpath.shtml) - <http://www.thesilveredge.com/fungalpath.shtml>
- Herpes is a terrible virus that hides in our nervous system and requires special treatments. <https://www.utopiasilver.com/protocol/herpes-and-shingles-protocol/>
- Note: Herpes is reportedly cured with DMSO + Colloidal Silver- See [Testimonials](#)
- Multiple Sclerosis (MS)

See [testimonials for for more details](#)

IV Drip Usage

Colloidal Silver has been used intravenously to treat serious diseases such as Aids, MS, Lyme Disease, severe Candida and more. Google Search “colloidal silver iv treatment” Ask your doctor if he will administer an IV drip of Colloidal Silver. Some doctors will do this on request. A popular colloidal silver among doctors is the Ionic Silver [Argentyn 23](#).

The Truths & Lies about Colloidal Silver

- “Experts” are at war with each other and cannot agree on anything.
- They do their best to confuse the public with complex terms and opposite opinions.

Nothing in life is more complex & confusing than “Experts” attempting to convince us to buy their product over another using Marketing Mumbo Jumbo. We are left with confusion & Brain Freeze. Our solution to this problem is to choose the Expert with the best research. Steve Barwick is our chosen expert leader.

Steve explains this MADDENING Conundrum:

“... every brand of colloidal silver claims to be “the best,” or the “most effective,” or the “only good” form of colloidal silver. How to make a choice...Beware of the Marketing HOOKS !!” Steve says ALL brands work MOL because they use silver as their main ingredient.....

http://www.thesilveredge.com/best_brand_of_cs.shtml

Bottom Line up Front: Marketing MADNESS designed to cause Brain Freeze

- 1) Ionic Silver = [monatomic silver](#) or *silver hydrosol or covalent silver*
- 2) Hydrosol = *mostly ionic silver AND some particle silver*
- 3) Ionic Silver = Clear in color (if not agglomerated)
- 4) Particle Silver = displays colors at 5ppm or more
- 5) Ionic Silver or Particle Silver = Colloidal Silver for both
- 6) No Such Thing as “True” Colloidal Silver
- 7) **Ionic Silver is recommended** <http://www.truecolloidalsilverfacts.com/>

Don't let the “Marketing Experts” confuse us - There are only 2 kinds of popular Colloidal Silver - - -: Mostly Ionic & Mostly Particle.

There is a lot of mis-information, lies + deception about Colloidal Silver, and marketing mumbo-jumbo is making it impossible to make choices.

Endless conflicting statements from the "experts" make it worse yet and so many websites are propagating the lies & confusion not knowing any better..This document puts an END to this horrid state of confusion..

Fact: [Colloidal Silver is Non-Toxic](#)

Fact: "Experts" cannot agree on any subjects. The 1st BIG deception is that the term "Colloidal Silver" refers to both "Ionic Silver" AND "Particle Silver."

Fact: Only the [Ionic Silver is effective at killing pathogens](#) (Rice University)

Fact: There is no such thing as "True Colloidal Silver"

Fact: All of the silver generators reviewed in this report actually produce mostly Ionic Silver.

Fact: All Ionic Silver can be converted into Particle Silver by adding heat & chemicals

Fact: What does **PPM** really mean? http://www.silvergen.com/ppm_vs_efficacy.htm

Fact: All silver taken in gets passed out of the body - [Altman Study](#)

Fact: Colloidal Silver does not Expire - <http://www.thesilveredge.com/potency2.shtml>

Blue Skin Argyria Scam - The facts

Big Pharma is attempting to frighten people into not using Colloidal Silver. Argyria is real, but only for those people who grossly overdose on poor quality silver. People who grossly overdose on anything are in mortal danger, even including water. When taken as directed with quality ionic silver, there has **never** been a reported case of Argyria

<http://www.thesilveredge.com/argyria2.shtml>

Ionic Silver vs Particle Silver - which is better?

Bottom Line up front:

Ionic Silver is clearly the very best at killing pathogens while **Particle Silver** is questionable at best according to our best researchers.

The nitty gritty details follow:

This battle is **raging** at every dealer website. The war is won, many thanks to our best Guru Steve Barwick, who has proven that Ionic Silver is superior to Particulate ("True Colloidal") Silver in many ways with his expert research..

Steve Barwick explains this MADDENING Mind Numbing Conundrum:

http://www.thesilveredge.com/best_brand_of_cs.shtml

The Silver Atom, Symbol Ag, Atomic weight of 47 Protons, 61 Neutrons, and 47 Electrons

What is an ion?

An **ion** is a charged atom or molecule. It is charged because the number of electrons do not equal the number of protons in the atom or molecule. An atom can acquire a positive charge or a negative charge depending on whether the number of electrons in an atom is greater or less than the number of protons in the atom/molecule. In our case, **Hg+** means a positively charged silver atom/molecule = Ionic Silver. It became charged because of the low voltage silver generators that we use.

What is a particle?

An atom or molecule with no electrical charge where the number of electrons is equal to the number of protons, symbol **HG = Particle Silver**.

Bottom line:

Ionic Silver:

A silver particle with a positive charge is a silver Ion, HG+

Particle Silver

A silver particle with no charge = HG (AKA "True" Colloidal Silver or Particulate Silver)

Key Points !

- **Particulate Silver** is randomly sent through the bloodstream, hit or miss
- **Ionic Silver** is carried into each cell with a tiny carrier called a *Metalloprotein* - very efficient
- **Ionic carriers (Metalloproteins)** are in the mouth, stomach & intestine
- **Obviously, this is why Ionic Silver** is so effective against **VIRUS** hiding inside our cells.... And why antibiotics & particulate silver fail against virus.

<http://www.thesilveredge.com/metalloproteins.shtml>

Our trusted expert Guru, Steve Barwick clears up the facts .for us. We at the Curezone have chosen Steve to be our tie breaker between truth & lies. His research has proven to be impeccable.... (If anyone has a better expert than Steve, then give me his name - Grizz)

Ionic vs Particle (Metallic) Silver by Steve Barwick,

<http://www.truecolloidalsilverfacts.com/>

Ionic Silver is up to 10,000 times more effective than Particle Silver.

"With or without the HCl (artificial stomach acid) mixture added, the Staphylococcus cultures (both S-1 and S-2) on the plates were virtually eradicated in just four minutes when treated with ionic silver. But the culture plates treated with the so-called "true colloid" particulate silver showed only a slight reduction in the bacterial count! Laboratory tests conducted since that time have demonstrated that the ionic form of Colloidal Silver is up to 10,000 times more effective than the particulate form. "

<http://www.thesilveredge.com/ionicvspart.shtml#.V7NQ57v6tT0>

But there is more

Ionic vs Particulate (Metallic) - which is better? Steve is confirmed by lab testing here:

http://www.silvergen.com/ionic_versus_colloidal_silver.htm

<http://www.hydrosolinfo.com/articles/silver-2004-12-22.php>

Also confirmed by this report from a different source that metalloproteins in our saliva are used to transport ionic silver (not particle silver) through the stomach and throughout the entire body:

<http://www.gaiaresearch.co.za/silver2.html>

Research proves that silver ions do all the work of killing pathogens, not silver particles. Both Ionic Silver & Particle Silver are known as Colloidal Silver.

<http://server.publishers-mgmt.com/semk/secm/2016/01/csu/816/more/>

The Altman Study, "Where does it go when you drink it?"

<http://www.silver-colloids.com/Papers/AltmanStudy.PDF>

Bottom Line:

Steve Barwick and Silvergen lab reports both confirm that ionic silver is superior to particle silver. Ionic silver is far less expensive and can be made using one of the many home generators, [listed Here](#).
