\$20.97

~~\$23.90 MSRP~~

Offers the same EyeProtect Basics formula, but without zinc and copper*

EyeProtect Basics contains the key antioxidants vitamin C, vitamin E, copper, lutein, and zeaxanthin to support healthy vision and the integrity of the eye. A large randomized, double-blind, placebo-controlled clinical trial involving 3,600 individuals indicates that these nutrients are critical to maintain the health of the retina and macula. EyeProtect Basics contains clinically-researched levels of these nutrients in optimally bioavailable forms.*

- Antioxidant support for eye health*
- Helps maintain healthy vision and eye integrity*
- Easy to absorb form of vitamin C, E, and copper*
- Made with hypoallergenic, vegan ingredients

Dietary Supplement

Astaxanthin is one of the most powerful and important free-radical scavengers yet discovered.‡

Astaxanthin is a member of the carotenoid family of compounds, and is a fat soluble nutrient that can function as a potent free-radical scavenger.‡ The astaxanthin used in this product is manufactured from the Non-GMO microalgae Haematococcus pluvialis grown in USA and/or Europe using clean water.
